

**What Michelle doesn't know
is that she will miss her
daughter's first dance recital...
because of breast cancer.**

***Oasis* critical illness insurance
from Great-West Life**

**Have you ever considered the
emotional impact of a critical illness?**

Michelle, 37, never thought about the emotional side of a critical illness. Being diagnosed with breast cancer meant she had some major decisions to make. She struggled with how to tell her 5-year-old daughter that Mommy might lose her hair and some days might be too sick to take her to dance practice.

Michelle was also emotionally distraught considering the reality of a double mastectomy after it was suggested by her doctor. Would the emotional scars take longer to heal than the physical ones?

If only Michelle had purchased **Oasis critical illness insurance from Great-West.** With *Oasis*, she would be eligible for a lump-sum amount of money* to help pay her expenses and remain financially independent, while having access to support for the emotional impact of her critical illness.

*Benefits are payable if you are diagnosed with a critical illness or condition as defined in your policy and you have survived the 30-day waiting period.

Emotional support from Shepell•fgi provides access to*:

- Professional counselling services**
- Legal and financial consultation**
- Registered dieticians**
- Online information library**
